

CLIFTON COCKTAIL GIN

PURE CAPE GIN

Created using a blend of marine and fynbos botanicals, Clifton encapsulates the pure spirit of the Cape. A clean and classic juniper dominant gin with a blend of mineral & menthol-kissed notes of Cape sea kelp and Cape Snowbush.

Clifton Gin captures the fresh taste of the crisp Atlantic Ocean. Top notes of vibrant citrus peel with cucumber bolstered by the redolent minty notes of the fynbos buchu: one of the signature flora of the Cape. An exceptionally smooth and refreshing gin.

Warm summer days lying by a pristine fresh aquamarine sea that refreshes like no other. Sunrise walks along the Cape's best beach, Clifton, with a gentle breeze in the protected cove invigorating one's skin with the damp sweet-salty mist of the sea.

FLAVOUR NOTES

A composition of crisp, refreshing Ocean Botanicals, Cucumber, Citrus Peel, Buchu and traditional Juniper berries.
